## Letter of Protest

1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

I'm a resident of Tega Cay, SC located on Lake Wylie. I have a boat dock and boat that is located at the Tega Cay Marina. We use our boat and swim on a regular basis in Lake Wylie.

I am also on the Public works committee of the city and have other residents contact me about the water situation. Especially the run off into the lake where my family boats and swims.

2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)

My major concern is the excess run off of water from the company that serves part of our community into the lake.

This makes for unhealthy pollution of the lake and is potentially dangerous to my family and my neighbors.

I am well aware of the problems caused by pollutants being dumped into a lake. My home near Kingston, TN was affected by a serious dumping of pollutants into the Emory River portion of Watts Barr Lake several years ago just before Christmas. The affects of that lack of attention by a major company lingers to this day.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \*

No I do not want to take away from the time of others that have more information and suffer more than my family.

1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am not a customer of this company, but I am a resident of Tega Cay and an avid boater. I am greatly concerned about the quality of the Lake Wylie water. This company's lack of concern for the upkeep of their infrastructure poses a great danger to the future of boating, fishing, etc on Lake Wylie. Also, the property values in all of Tega Cay are affected by this problem.

2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)

I do not feel that a company that has gotten away all these years should be rewarded with another huge increase in fees. They certainly have not used their past increases to improve their service or equipment. My husband and I moved here as a result of the TVA coal ash spill in Kingston TN which was a result of government officials looking the other way when TVA failed to address their coal ash problems. One day all hell broke loose and thousands of residents suffered, the town's economy went south, and TVA is still almost 4 years later cleaning up the mess. I would hate to see Lake Wylie turn into another Emory River because of greed.
